

PCOS FORMULA
LIQUID EXTRACT COMPOUND
Uzzi Reiss, MD

Indications for use:

Promotes normal healthy ovarian structure and function.*

Suggested use:

30-60 drops, 3-4 times daily.

Contraindications, Cautions, and Words of Wisdom:

This formula is contraindicated during pregnancy and breastfeeding, and should not be used by diabetics due to Galega's affect on blood sugar levels.

Profiles of Herbs Used in this Formula:

Galega: (goat's rue) The meaning of its Latin name, Galega, derives from the Greek gala, or milk, which reflects its use as a powerful galactagogue.*

Serenoa: (saw palmetto) Supports normal female hormonal balance and ovarian & menstrual function.*

Chamaelirium: (false unicorn root) This herb has a reputation for promoting normal function of the ovaries, uterus, and reproductive system. It also supports normal cyclical functions of the ovary.*

Ceanothus: (red root) Facilitates normal movement of fluids in the glandular and lymphatic system. References note its traditional use as a specific for cyst reduction.*

Vitex: (chaste tree berry) An herb well-known for supporting the normal structure and function of the female reproductive tract.*

Urtica root: (nettle) Promotes normal hormone balance.*
